Message from, TOS International Vice President

My warm Greetings to all brothers and sisters on the occasion of the Publication of the Annual Reports 2017-2018. Throughout the year, all of you have been contributing your lot to see a smile in the face of others. You are doing a great job as this is in tune with the motto of TOS. Br.B.L.Bhattacharya, TOS, National Director and Br.K. Sivaprasad, TOS Secretary, are doing exemplary work in India by motivating the members to carry on services in all possible ways. Besides study and meditation, service is an important part in TS. Personally, I believe that service is a journey of awakening because by rendering service to all forms of life, human and non-human with love and compassion, one can get connected to the source, the One. This is the ultimate object of TS. Self-transformation is possible through service only.

It is certainly interesting that the newly formed Mission Statement of Theosophical Society starts with the words 'To serve the humanity' and then continues, 'by cultivating an ever deepening understanding and realization of the Ageless Wisdom, spiritual transformation and the Unity of all life.' When TS and TOS collaborate harmoniously and dynamically, the individual can see the change in himself and in the world. With best wishes to all.

Deepa Padhi

Message from Nancy Secrest, TOS International Secretary

Dear Brothers and Sisters,

Reading Bro. Bhattacharyya's report this year, which told of the many conferences and events throughout TOS India, brought joy to my heart. It is so encouraging to hear of the multitude and variety of activities performed by our members to help ease the suffering of humanity.

This year I was able to personally attend three events in India. The South Zonal Conference was held in Chennai this year. I was happy to inaugurate this event. The highlight for me was hearing about the service activities of the TOS groups in the zone. One such activity is the medical camps held throughout the year by doctors in and around Chennai. The doctors volunteer their time and expertise to help hundreds of people who would not otherwise be able to afford their services. I was also privileged to attend the TOS Camp at the Himalayan Study Centre at Bhowali in May. There I met many workers from various regions in India. The theme was "Working Toward Future", and everyone worked hard to develop a plan for continued work and new activities for the next five years at the local, regional and national levels. The plan that was developed here was later shared with delegates from around the world at the TOS International Conference held in August in Singapore. In September I attended the West Zonal Conference in Jaipur. The warm and hospitable welcome from the members there was greatly appreciated. As always, I enjoyed learning of the activities of TOS groups in that region,

and was honoured to visit an eye clinic there where underprivileged people can get free examinations and glasses and even surgical care, if needed. Workers' Camps, Zonal and Regional Conferences are great ways for us to meet others in our extended local areas and regions. Through these conferences we can gain insights, ideas and renewed energy for our own service work by learning what others are doing.

Learning of the awards given to teachers in TOS schools was particularly gratifying to me this year. We need to focus on giving an education that builds character and a sense of self knowledge to as many children and young people as possible, a theosophical education. Permanent projects involving education, medical camps and supplying mobility aids are carried out by many of your groups. Assistance to blind and deaf students and to orphans is a particularly noteworthy and worthwhile activity. Whatever we do, big or small, the important thing is the love and good will that accompanies our actions.

I give many thanks to TOS India Director Birendra Bhattacharyya who has worked tirelessly for many years in service to the Masters through service to others. Thanks also to TOS India Secretary Sivaprasad whose unfailing enthusiasm and attention to the work shines from the center of his being. Special thanks and love to all of you for your devoted service to the Brotherhood of Humanity.

With much love to you all,

International Secretary

Nancy

REPORT OF NATIONAL DIRECTOR

2017 – 2018

B. L. Bhattacharyya

New Members may not be aware of the fact that The Theosophical Society was founded at a time (1875) when slavery was common in many parts of the world, when invasion of a country by another was considered to be normal, when religious hatred and the violent clash of materialism against religions were frequent, when women, youngsters and children were considered to be on an inferior level, when there was discrimination among races and ethnic groups as well as other negative barriers and misconceptions. There were no plane cars, telephones, electricity, radio, television or computers at that time and the UNO had not been created either.

Madame H. P. Blavatsky remained busy in writing books namely **“Isis Unveiled”**, Secret Doctrine **“Key to Theosophy”** voice a silence etc. and in touring with Col. H.S. Olcott to establish branches of TS in different parts of the world. Both of them worked and sacrificed their lives for the benefit of the Humanity.

Dr. Annie Besant became the 2nd International President of TS in 1907 and founded the Theosophical order of Service in February, 1908 with the Motto – ‘A Union of all who love in the service of all that suffer and the main object was to make the first object of TS practical. The scenario of the world has changed. Most of the countries are free, resources have increased but sufferings of men, women and animals are very much there. In order to satisfy the greed of human beings they themselves have created their own graves. There are adulteration of food, Pollution in environment. Corruptions and torture on women are the daily news of the papers. Brotherhood of humanity has not yet been fully established. India is a country more than 120 crores of population, 25% of which are still below poverty line.

TOS-in India with 22 regions, more than 100 active TOS groups and good number of life and patron members did well during 2017-2018. Activities of the regions appear in this book separately. I would like to mention some events only.

TOS Camp : TOS Camp was organized at the Himalayan study centre of TS at Bhowali on 29-31 May, 2018 with Sis Nancy Secrest International Secretary of TOS, Sis DeepaPadhi International Vice-President and Sis MarjaArtamaa, International Secretary of TS with 30 devoted Members from different regions of India. The theme of the camp was – **“working towards future”**. Detailed news were published in Indian Theosophist – August, 2018 issue. It was a very successful camp with illuminative presentations of participants which I missed due to unavoidable reasons. I must thank Bro. K. Sivaprasad, Secretary and Bro. V. Narayanan, Treasurer of TOS in India for their efforts to organize the camp satisfactorily.

FROM THE SECRETARY

Our role in theosophical society towards reaching the goal of realising one life and perfection of humanity is the most important concern by all of us. TOS in India is highly acknowledged for combining spirituality and service to all life forms on earth. Members of TOS always show enthusiasm in the participation of the cause formulated by Dr. Annie Besant to give the needy people with altruistic helping hand.

Growing materialistic outlook of the earth is a big challenge for the humanity to balance with sustainable development to bring peace and harmony to live with nature. My sincere thanks to all the members of TOS in India and TOS International for their philanthropic contribution in the hour of crisis. For the recent Kerala floods we received good support from within India and abroad for which TOS is deeply obliged.

With the constant guidance by national Director Br. B. L. Bhattacharya TOS in India is doing its best possible. Extremely grateful to Br. Tim Boyd and Sr. Nancy Secrest for their continuous support and encouragement. My sincere gratitude for all the National committee members, Regional Presidents and Secretaries of TOS in India for their valuable cooperation. During this year notable TOS members who departed their soul are Br. Rusi Toddywala from Mumbai, Br. J. N. Patowary of Assam, Br. O. P. Aneja, NOIDA (Delhi) and Br. Gulab Chand who was working at TOS office at Varanasi. May their souls rest in peace.

I would like to express my sincere thanks to Br. Pradeep Gohil, Br. Narayanan, Sr. Uma Bhattacharya for their support. I am indebted to Br. A. N. Singh, Br. Om Prakash and Br. Raju Pandey for their full support. It was sudden and unfortunate demise of Br. Gulab Chand who passed away while coming to attend TOS office.

It is always cherishing to visit TOS groups work and learn their approach of service models. We had conducted one community dialogue event at Amarapuram on how to bring theosophical living for better life of farmers and villagers at local level. I had the opportunity to meet and learn during World conference at Singapore on diverse approaches of service activities.

Report of The South Zone T.O.S. Conference.

The Theosophical Order of Service (TOS) in India had its South Zone Conference (SZC) at Adyar during 24-25 March 2018, themed 'Service through Will, Wisdom, and Love'. It was inaugurated by Ms Nancy Secrest, international Secretary of the TOS and international Treasurer of the TS. Ms Marja Artamaa, international Secretary of the TS was the Chief Guest. They and Mr K. Sivaprasad, national Secretary of the TOS, India, addressed the gathering in turn, followed by short talks by delegates. The post-lunch session consisted of presentations of the activities of the TOS regional groups.

The next day, a few non-governmental organizations (NGOs) talked about their work in helping underprivileged people.

Two of the NGOs are doing remarkable work. One of them collects used clothes in good condition, gets them cleaned and ironed, and displays them with price tags, similar to a shop. They also distribute free coupons to needy students in the nearby schools. The students with their family, then choose the clothes needed by them and pay with the coupons. Another NGO works with children who do well in studies but do not have the means to go to college. The group has an arrangement with a few colleges who offer a few free seats in exchange for services provided by the members of the NGO in imparting job training to their graduating students. Both the colleges and the underprivileged students are benefited by this arrangement. The remarkable thing about these activities is that there is no 'charity' offered and the recipients of the service retain their dignity; there is no money involved anywhere in the process, hence it is less likely to become corrupted; and the recipients themselves feel empowered and are very likely, in turn, to help others who are needy, thus helping to perpetuate the work.

The presentations were followed by a visit to the TOS medical camp and an audiovisual presentation on 'Selfless Service'. The programme concluded with a valedictory address by Mr S. Harihara Raghavan, followed by a vote of thanks by Fr. R. Revathy, Convener of the meet and Secretary of TOS. Adyar.

GUIDELINE FOR COLLECTION OF DONATION FOR TOS WORK

B. L. Bhattacharya, National Director

Members of TOS should remember that it is not an organisation like other NGOs who also render service to minimise the suffering of others, collect money from many sources and utilise a portion of it for staff salary and other administrative cost.

TOS is a union of all who love in the service of all that suffers. It has great significance. It is a service with love and regards and without any expectation to all living beings.

TOS groups are mainly formed by TS members and its activities make the first objective of TS practical and they carry the message of TS to common people to some extent. Money and dedicated works are needed to render proper service of course, there are many ways of helping the needy without money also. Charity should begin at home.

Presidents, Secretaries of groups and regions and kind hearted members donate for the work of TOS. If the group or region is properly organised they can collect donations selectively from corporate sector and banks that provide funds for social work. For this purpose they need to maintain and submit audited account, article of association, PAN card etc but they are not required to get the TOS group or region registered separately as TOS . India (1908) is registered under the registration of societies Act 1860.

If the donors want to avail of the benefit under 80(g) of the income Tax Act 1961 then at par cheques or drafts in favour of theosophical order of service in India payable at Varanasi to be collected and sent to National treasurer, TOS India, Varanasi to issue necessary certificate and remittance of fund to respective groups and region.

Proper project on health education sanitation, drinking water,

animal welfare and environment etc should be sent along with the appeal for donations. While collecting donations, TOS groups and Region should consider the motive and honesty of the donor. The donations should be utilised only for the purpose for which it was paid.

The Theosophical Order of Service.

An Address by Dr. Annie Besant

THE THEOSOPHICAL ORDER OF SERVICE was founded in order that a definite line of work be done on the ground of Brotherhood used in Service, and for that reason it requires a certain number of members to be connected with the T. S.

At one time, there was an inclination to confine the work of the T.S. to Theosophical Teachings. If we use the translation of the Greek word Theosophy, Divine Wisdom, there would be no danger of the T. S. being a sect.

The T. O. S. must leave the people free to show their brotherhood, to choose their own line of work. The term "Theosophical" Order of Service emphasizes the fact that the theory of brotherhood is embraced by its members, the same as tolerance and a willingness to accept all forms of Truth. "There is no Religion higher than Truth". The brotherhood of the T. S. is a nucleus of brotherhood. The O of S is intended to help us towards the realisation of Universal Brotherhood, not merely a brotherhood of the Elder Brothers, but with the criminal classes as well. Universal Brotherhood must not be a phrase, but a principle in life.

Is the first object of the T. S. in conflict with the second and third? If we talk of Universal Brotherhood, we ought to make no distinction as to who should be admitted to the Society. I should like to include in Universal Brotherhood, not only humanity, but all animals, even plants and minerals. We have a particular cell from which all the formative powers, strength and life go out. By treating a dog kindly, his mental growth quickens. A master said: "The heart of our Brotherhood is the unselfish service of mankind." That should be the aim of every

member of the O. of S., should be an active force with which every member takes up some duty of a beneficent kind. A certain no-Theosophist, who is a keen worker, asked for a group in favour of vivisection to be formed in the O. of S. as a group for anti-vivisection already existed. I told her that, if she could show that torture of animals was consistent with brotherhood, I should agree. I never heard of the matter again.

Let us not fear to go among the lowest; for the purer the person, the more can he move in perfect safety, even among the most "Vile". When Shri Rama, the perfect king, was approached by a woman of bad reputation, he accepted the gift she offered and ate the fruit she had bitten into. And the Christ, when giving back health to the diseased, told them to "sin no more", to live the perfect life, the seed of which is in everyone and everything. There is only one Divine Life, and all life is part of Him. "Shall there be evil in a city, the Lord hath done it." "If I go up into Heaven, Thou art there, if I go down into Hell, Thou art there also." Reverence the Divine Life in everything; recognize that good and evil are experiences. The more experiences we have, the better we evolve. A "mistake" as Mr. Ford once said, is but what adds to our knowledge. We should of right or wrong by the person who does it; thus we shall know whether it was done willfully or as a mistake. As imperfect beings, we cannot do perfect work, but we can realise that gaining an experience is the only way to progress.

Consider a discovery such as that of Galvani, the great investigator, who found the action of Galvanism through his observation of the moving frogs' leg hung on his balcony. Let his friends call him the "Frogs' dancing master"; he knew he had discovered a hitherto unknown law in nature. Thus our knowledge is ever increased. The Galvanometer, when put

on the head of a person thinking hard, answers by swinging. By looking into the unknown we progress.

If we take Theosophical thought as the key in our studies, we realize that God exists everywhere, that He who is Supreme Goodness, is also Supreme Law. Our understanding increases with our learning: "Give me understanding and I shall keep your Law, yeh, I shall keep it with my whole heart."

Reincarnation is the key to the world. The more we study Theosophy the more will the puzzles of the world become clear.

In the O. of S. you have the key to an orderly life. Choose your activity carefully. In the morning make a plan of your day's work; use your thought power beneficially; make the habit (till it comes naturally) of snatching every opportunity to help and you will find thousands of things come in your way.

Do not get discouraged if your progress is but slow. I used to have a hasty temper, it took me years to get over it. I was helped by a lesson I got. I once saw a cartman striking the horse on the nose; I spoke to him heatedly and got a bad reply. Then I puzzled out that he was irritable only as I had been! I realized that in order to be truly useful, we must not stoop down, but must place ourselves beside those we want to help.

Try to bring into your Lodges people with whom you utterly disagree, and try to grasp their line of thought. The Law of Love, the only great law, will help you to understand the others; your knowledge will help you to bring the ignorant out of their ignorance and so to grow more quickly in evolution.

TOS camp at Bhowali 29-31 May 2018

First Day 29th Tuesday

Bhowali a beautiful small hill station located in Kumaon Hills of Himalayas at a height of 5426 feet above mean Sea level. It is in Nainital District of Uttarakhand state with many lakes attract tourists .In response to the announcement of the Indian Section, Theosophical Society, this camp was held at The Himalayan Centre in which 36 delegates participated.

Active TOS members from different regions of India participated in the event. It was a good gathering including Deepa Padhi, International Vice President, Nancy Secrest, International Secretary TOS, Marja Artamaa, International Secretary TS along with Adyar members Dr. Revathy and Sr. Sudha. From Varanasi Br. Narayanan, National treasurer participated and taken care of the entire programme from beginning to the end and all the members participated expressed sincere thanks for his kind hearted support.

The theme of the camp was " Working towards Future". Meeting started with Universal Prayer and followed by the welcome by Br. Sivaprasad, National Secretary, TOS India expressed gratitude for all gathered to attend this TOS camp . He read out kind and encouraging messages from Tim Boyd, International President, Br. Bhattacharya, TOS National Director, Br. Pradeep Gohil, General Secretary, Freny Toddywala (Mumbai), Adyar lodge, Telugu region, Karnataka region.

Before starting of inauguration of the camp we have shared the sad news about the demise of Sr. Kusum Sathpathy , w/o Br. Chittaranjan Sathpathy (former International Vice President) . Sr. Deepa Padhi shared about

this sudden shocking news of the dedicated Theosophist who served as former International Secretary and did selfless service for the Adyar development. All delegates observed silence for the peaceful journey of the departed soul.

In the inaugural address Sr. Deepa Padhi emphasised that "You need to give more service." Service is really a journey of awakening because by rendering service to all forms of life, human and non-humans, one realizes the Unity of beings, gets connected to the source". The theme "Working towards Future", refers to a process, a transformative journey through service. Service changes people. It refines, purifies, gives the best in every individual and importantly prepares to realize the oneness of being. While defining Theosophical Education, our International President Tim Boyd says- 'It is an act of skill, science, art and wisdom'. He further says, 'Let our educational motive be to create the environments in which our students can experience the freedom, co-operation, strength, honesty, happiness and responsibility that are the birthright of every soul that comes into this world.'

At this point of time, TOS needs more willing hands, more caring hearts and more intelligent minds to move our work towards future. The theme suggests optimism, dynamism and vision. It is said, 'Vision without action is a day-dream and action without vision is nightmare; vision and action together bring hope for the future.' 'Future' is contained in the womb of 'now' in the form of experiences of the past and potentialities of the present. Working for future is the process of actualization of these potentialities. The outer requirements of any act of service include 1) selecting a genuine cause 2) identifying the target group or the beneficiaries 3) planning a budget and arranging funds 4) organizing human resources etc. But the inner equipments are most important which refer to strong will, pure motive, selflessness, empathy,

compassion, commitment and involvement. These are very much necessary for working towards a sustainable future. Sr. Nancy Secrest gave detailed picture of theosophical efforts in support of education from the time of TS founders. Children to be nourished with right kind of education for free thought, values, self reliance and to lead a whole life (not for job alone). Col. Olcott started with 45 children from downtrodden at Adyar and it is serving the poor local communities even today expanding in to high school and also branches in Kodambakam, Mylapore and Besant School. Theosophical educational trust was formed in 1913. Col. Olcott started many schools in Srilanka. Home schools and Nursing scholarships in Pakistan supported by Australian and American Sections were of significant contribution for the upliftment of women. TS invited for the stay of Maria Montessori in India at Adyar where the unique child centred education was propagated and TS gave awards for her contribution during World War II. Evolution of Golden Link School and college in Philippines is an excellent effort to inculcate universal values and right kind of teaching for the overall growth of learner. Theosophical education emphasises on how to think but not what to think.

Sr. Marja Artamaa spoke about the Finland section TOs support for Adyar Olcott school. She expressed that in each individual there is compassion, ToS is an avenue for Theosophical living. TOS can work for some of the public concerns where TS may not be able to intervene. Explained the connectivity of TS and TOS and how both complement each other in spreading theosophy.

Br. Narayanan extended warm welcome to all the delegates for attending this TOS camp. In the charity people may feel that they are giving but it is also important to observe the opportunity provided by the served community. As treasurer of TOS in India he is in a position to guide financial regulations applicable to the charitable organisations to be followed by the branch offices.

Br.Basavaraja Reddy enlightened the delegates with the topic spiritual evolution and Service.He gave detailed speech on how individualisation of soul takes place from the divine spark in the journey of human evolution. Moving our attention from lower self to the higher self we will be undertaking service actions for the welfare of humanity rather than self centred attitude. We have a tendency to grow horizontally with materialistic desires and that has to be converted in to vertical level with spiritual growth. Personality development is centred around selfishness where as spiritual development is towards unselfish growth. The process of personality growth is a trial and error approach, the lower triad involved in worldly desires transforms in to higher triad with tolerance,compassion and unselfishness. Service is one of the channels for this transformation.

Before breaking for lunch we had the opportunity to view the video lecture shared by Br.Luke Michael Ironside from Philippines on the topic “ Universal Brotherhood Practice”.

In the afternoon Prof.Lambodar from Varanasi gave the importance of Art and craft along with demonstration. He studied in Rabindranath Tagore’s Shanthinikethan in West Bengal. The need for art and craft is increasingly necessary in the modern way of fast life not able to appreciate the beauty of art. There is no need of sophisticated things required for this and demonstration was given on with simple materials available locally such as red soil or Rangoli powder can be used to draw nice pictures in front of the houses and during functions. Demonstration was also given on making of forms made out of paper cuttings. In Indian traditional art and craft many natural designs are existing which can lead for creativity and there is need for time and appreciation to get peace and harmony in life.

In the next session Sr.Nancy presented the PPT presentation on the past and future scenario in the progress of TOS . Participants were fortunate to view the glimpse of International programmes of TOS happening in various countries. This historical events of TOS from Annie Besant time up till now gave over view work of the ToS which was informative and inspiring with valuable pictures and messages.

There are more than 6000 patron/life members of TOS and their involvement at present is confined to membership fee payment only, where as it is suggested that their participation in activities of service will be more meaningful. Hence there is need to form a network of them for greater strength of TOS. It was observed that *indiatos.org* web site may be more actively used for sharing information and reports. It was acknowledged that International tos web site is very much resourceful with valuable information related to TOS for ready reference. All the members attended expressed the usefulness of this camp and suggested for further improvement in future. Local delegates Br.Sanit Joshi and other office bearers of Bhowali TOS group which was formed recently received Diplomas from Sr.Nancy .
