Message from TOS International President

This has been an exceptional year everywhere in the world - a time of great personal and societal challenges for all of us. In times such as these, for many there is the temptation to narrow their focus and only attend to the needs of self and family, even while all around us countless others are suffering. During this year when so much was needed by so many, I have been continually inspired by the example of TOS India. The "Union of those who Love in service to all that suffers" has daily been demonstrated by TOS members throughout India.

This is One World and we are One Humanity. Let us continue to search for and to find ways to help each other.

Tim Boyd

Dr Deepa Padhi
International Vice-President,
Theosophical Society,
Adyar, Chennai

The year ' 2020' was unique and would be remembered in the human history as the year that changed the

course of mankind. The world witnessed an unprecedented disaster caused by a tiny micro-organism called Corona Virus that turned the human kingdom upside down taking millions of human lives across the world. But at the same time it taught us to go within and learn the values of positive thoughts of love, compassion, empathy, sacrifice, care and respect for all. These are the need of the day. This signifies that the mankind is evolving socially, emotionally, intellectually and spiritually as well. It could be a better world if we together convert the challenges caused by Covid-19 to opportunities by serving not only the human beings but all life forms with the realisation that we all have one common source -One life or One Consciousness.

I greatly appreciate the work of our valiant TOS members of different regions and groups in India for responding to the challenges and need of the distressed people during the lockdown period by providing them food and essential items at the risk of their own lives. This is the true spirit of TOS- selfless service.

I would like to congratulate and extend my greetings to TOS National Director, Br.SivaPrasad for his able guidance and all those associated with the TOS work.

Deepa

Message from Nancy Secrest, TOS International Secretary

Dear Sisters and Brothers,

My loving thoughts are with you this year as always. The members of the Theosophical Order of Service (TOS) in India constantly act as models of selfless service and Brotherhood to all.

This year quite necessarily the focus of TOS activity in India, and around the world, was on assisting those who were, and continue to be, negatively affected by the effects of the pandemic, Covid-19. Many people in India have not been able to pursue their livelihood due to lockdowns, restrictions on travel, including local bus and auto services, closures of restaurants and many other businesses. The economic fallout is as severe as the disease. A number of you offered help in the way of food, blankets during the colder weather, household supplies, medicines and masks. Others gave financial support. Some gave support to medical workers. Others served by offering day care services to the children of some who

could get to work, but needed help with childcare and teaching assistance. We are nearly a year into this pandemic, and the help continues. The activation of the TOS India WhatsApp network allows me to keep up with some of the programs devised by various groups and members. Your initiative and constancy in helping those in need is truly commendable. I marvel at your stamina and commitment. These sustained efforts are acts of great love.

Meanwhile, other TOS work continued. I'm happy to see that efforts toward the Empowerment of Women continues with scholarships towards higher education being given to deserving young women, and with sewing machines given to others for vocational education. Your help in the face of natural disasters, this time in the form of the Amphan cyclone, exemplifies the spontaneous aid possible from loving hearts and hands. You help where you are needed, because you are needed. You help to the limit of your skills, abilities and pocketbooks. You help because you understand that this mundane help symbolizes the Oneness of All Life. As members of the TOS we are making active the First Object of the Theosophical Society – Brotherhood – in its highest form.

More work needs to be done. Thankfully, these issues are in your capable hands. I know that with the help of the Masters the loving and innovative members of the TOS India will continue to provide help and support “to all that suffers.”

With much love, I wish you all good health, joy and peace,

Nancy

In Adyar regular medical treatment in hospital and feeding to animals and helping the poor children with mobility aids is in progress.

India is no exception to the Global Pandemic Covid-19 causing severe setback with wide spread infections and death making Government to clamp lockdown to control the situation. This has led to serious socio economic constraint for the poorer communities by depriving their normal livelihood subsistence. Although Government and nongovernmental support has been extended is not adequate to meet the crisis. Many thousands of migrant labourers faced immense trouble to reach their native homes during the

lockdown. Life is not same as before Covid time and systems are evolving to adapt to the changed direction. Theosophical living helps in transforming from the worldly life to higher life. Active TOS groups are emphasizing in their discussions on the virtues of Cooperation, Contentment, Compassion, Altruism, Simple life, Appreciation of Nature, Unity of life, Sympathy, Integrity, Commitment and equanimity to bring harmony and peace within the communities.

Br.PradeepGohil,President of Indian Section TS rendered continuous support during the year with valuable guidance. Wish to thank all office bearers and members of TOS in India for their participation and interest shown in the activities.

Sponsorship Project

Education of poor children continues to be the main thrust of our work with over 500 sponsorship grants extended twice a year to deserving students from an economically weak background. The annual contribution of Rs. 5,000/- or more made by dedicated sponsors from India and overseas is directed to impoverished families who have to encounter tremendous hardships to pursue education. There were nearly twenty students who completed their Secondary School Certificate (SSC) and fifteen who completed their Higher Secondary Certificate examinations last year. To motivate these students towards excellence we

awarded prizes to the first three winners in each of these categories. Around 10 students completed their graduation, the majority of whom seek openings in the job market. We feel particularly rewarded when children once sponsored by us come forward to assist others after there is a turn around in the economic condition. We received 300 note books from the Jamubhai and Surya Dani Trust that were distributed to the sponsored children.

Excursion to Matoshree Vrudhashram (Home for the Aged) and Vipassana Centre at Khadavli

Our members, sympathizers, sponsored children and their families, proceeded on an Excursion to Matoshree Vrudhashram on May 19, 2019 where 57 of us got an opportunity to interact with senior citizens living apart from their families in institution- care. We bonded over music, food, game and presented greeting cards to the inmates who miss their family and relatives. Visiting the Vipassana Centre run on their premises, we learnt of the importance of silence and self awareness.

Colloquium - Educational Training Camp - at Deolali

This year we had 54 delegates from Mumbai with nearly a dozen other members from Nasik participating in our annual Colloquium at the Leslie Sawhney Centre in Deolali from

October 26-30, 2019. Our members, sponsored children and their families, from different communities and economic backgrounds, jointly explored the theme of the Colloquium: “If you ever need a helping hand, you’ll find one at the end of your arm.” From our seven-year-old youngest participant to our 84-year-old eldest, we ensured that every delegate participated in some activity or the other, whether the Healing Group Ritual, Group Discussion, Youth Debate or “The most difficult thing in the world to learn is to mind your own business”, the Delegates’ Art Evening or the social welfare activities at Vikas Mandir. The Chief Guest at our Inaugural Session was Shri Vinayak Pandya, president of the Bombay Theosophical Federation, and the Guest of Honour was Maj. Gen. Cyrus Pithawalla (Retd), director of the Leslie Sawhney Centre. At our Valedictory Session, Shri Arvind Rathod, from the All India Disabled Rehabilitation Education Institute was the Chief Guest.

Tributes to Jamshed Nusserwanjee Mehta

To enthuse our members to render a life of service and sacrifice, as did revered Bro. Jamshed Mehta, his 67th death anniversary was commemorated on August 1, 2019 when Shri Feroze Sethna was the Chief Guest, Kum. Shernaaz Engineer was the Guest of Honour and Smt. Dilnavaz Variawa was the Guest Speaker. Inspired by the ideals of Theosophy and the principles of Dr. Annie Besant,

Bro.Jamshed devoted his life to making Karachi in to a cosmopolitan city, selflessly supporting every humanitarian cause and reaching out to all who needed help.

Sharing Surplus

Whether it was cyclone Femine Orissa or floods in Calcutta, to help the victims of these calamities and to show our solidarity with members in these regions, our Mumbai Region members generously contributed their mite.

WorkfortheAilingasalsoforWorldPeaceandHarmony

To collectively radiate peace and love in the world and to offer emotional and mental strength to those in distress we periodically conduct the Healing Group Ritual. Some of our members visit hospitals, homes for the aged, abandoned children and differently abled individuals to build bonds with the inmates there.

Environmental Awareness

To minimize our carbon footprints we encourage our members to use natural resources conservatively, to recycle clothes, books, stationery, newspapers and electronic gadgets, to respect all life and not illtreat living creatures.

wish their souls greater opportunities for service on the higher realms.

Our Thanks

With the blessings of the Holy Ones and cooperation of our members and well-wishers we have been able to continue our meaningful work. REPORT OF TREASURER, TOS INDIA

The Year 2019 – 20 was a year of good activities by the members of the TOS INDIA. Looking at the Income & Expenditure aspects of TOS INDIA, you may recollect that during Financial Year 2017-18 there was a deficit of Rs.55,488, but the situation improved in the next Financial Year 2018-19 Rs.75,159 and in the current Financial Year under review, 2019-2020 we have been able to reach a reasonable surplus of Rs.1,91,550.14. This can be read as a trend to be followed into the future.

During the Financial Year under review, we have received under the head of “Donations & Contributions” an amount of Rs.69,603 compared to Rs.1,20,022 in the previous year. We should put in more effort to collect substantial sum as donations and keep an upgoing trend in this matter. During the Financial Year under review, we have disbursed an amount of Rs.1,00,674 as Prorate Share of Interest as compared to Rs.95,267 in the previous Year. Also, during the Year under review, we have spent an amount of Rs.1,40,000 towards flood relief work as compared to an amount of Rs.1,20,000 for the same purpose in the previous Year.

Our investments through which we earn interest stands at Rs.68,32,969. We have earned an interest income of Rs.5,42,006. It is generally known that the interest rate on investments will go down considerably in the Banking Sector as the GOI has adopted a policy of gradually lowering the rate of interest to facilitate easy money for advances to industries.

This means that our efforts should be to collect more donations for disbursements to achieve the mission of TOS and I request all members to put in their effort in this direction.

I am glad to inform our member that the TOS INDIA is getting a new registration under FCRA and we hope that we will be able to utilize this facility substantially. Towards the end of the financial Year 2019-20, it was noticeably clear that the ensuing year will be severely affected by COVID-19 problems. Our members in different regions have accordingly prepared themselves to extend a helping hand to the needy. In this connection, it is praise worthy of the relief provided by the NOIDA Region.

GUIDELINE FOR COLLECTION OF DONATION FOR TOS WORK

K. Siva Prasad, National Director

Members of TOS should remember that it is not an organisation like other NGOs who also render service to minimise the suffering of others, collect money from many sources and utilise a portion of it for staff salary and other administrative cost.

TOS is a union of all who love in the service of all that suffers. It has great significance. It is a service with love and regards and without any expectation to all living beings.

TOS groups are mainly formed by TS members and its activities

make the first objective of TS practical and they carry the message of TS to common people to some extent. Money and dedicated works are needed to render proper service of course, there are many ways of helping the needy without money also. Charity should begin at home.

Presidents, Secretaries of groups and regions and kind hearted members donate for the work of TOS. If the group or region is properly organised they can collect donations selectively from corporate sector and banks that provide funds for social work. For this purpose they need to maintain and submit audited account, article of association, PAN card etc but they are not required to get the TOS group or region registered separately as TOS . India (1908) is registered under the registration of societies Act 1860.

If the donors want to avail of the benefit under 80(g) of the income Tax Act 1961 then at par cheques or drafts in favour of theosophical order of service in India payable at Varanasi to be collected and sent to National treasurer, TOS India, Varanasi to issue necessary certificate and remittance of fund to respective groups and region.

Proper project on health education sanitation, drinking water, animal welfare and environment etc should be sent along with the appeal for donations. While collecting donations, TOS groups and Region should consider the motive and honesty of the donor. The donations should be utilised only for the purpose for which it was paid.

The Theosophical Order of Service.

An Address by Dr. Annie Besant

THE THEOSOPHICAL ORDER OF SERVICE was founded in order that a definite line of work be done on the ground of Brotherhood used in Service, and for that reason it requires a certain number of members to be connected with the T. S.

At one time, there was an inclination to confine the work of the T.S. to Theosophical Teachings. If we use the translation of the Greek word Theosophy, Divine Wisdom, there would be no danger of the T. S. being a sect.

The T. O. S. must leave the people free to show their brotherhood, to choose their own line of work. The term "Theosophical" Order of Service emphasizes the fact that the theory of brotherhood is embraced by its members, the same as tolerance and a willingness to accept all forms of Truth. "There is no Religion higher than Truth". The brotherhood of the T. S. is a nucleus of brotherhood. The O of S is intended to help us towards the realisation of Universal Brotherhood, not merely a brotherhood of the Elder Brothers, but with the criminal classes as well. Universal Brotherhood must not be a phrase, but a principle in life.

Is the first object of the T. S. in conflict with the second and third? If we talk of Universal Brotherhood, we ought to make no distinction as to who should be admitted to the Society. I should like to include in Universal Brotherhood, not only humanity, but all animals, even plants and minerals. We have a particular cell from which all the formative powers, strength and life go out. By treating a dog kindly, his mental growth quickens. A master said: "The heart of our Brotherhood is the unselfish service of mankind." That should be the aim of every

member of the O. of S., should be an active force with which every member takes up some duty of a beneficent kind. A certain no-Theosophist, who is a keen worker, asked for a group in favour of vivisection to be formed in the O. of S. as a group for anti-vivisection already existed. I told her that, if she could show that torture of animals was consistent with brotherhood, I should agree. I never heard of the matter again.

Let us not fear to go among the lowest; for the purer the person, the more can he move in perfect safety, even among the most "Vile". When Shri Rama, the perfect king, was approached by a woman of bad reputation, he accepted the gift she offered and ate the fruit she had bitten into. And the Christ, when giving back health to the diseased, told them to "sin no more", to live the perfect life, the seed of which is in everyone and everything. There is only one Divine Life, and all life is part of Him. "Shall there be evil in a city, the Lord hath done it." "If I go up into Heaven, Thou art there, if I go down into Hell, Thou art there also." Reverence the Divine Life in everything; recognize that good and evil are experiences. The more experiences we have, the better we evolve. A "mistake" as Mr. Ford once said, is but what adds to our knowledge. We should of right or wrong by the person who does it; thus we shall know whether it was done willfully or as a mistake. As imperfect beings, we cannot do perfect work, but we can realise that gaining an experience is the only way to progress.

Consider a discovery such as that of Galvani, the great investigator, who found the action of Galvanism through his observation of the moving frogs' leg hung on his balcony. Let his friends call him the "Frogs' dancing master"; he knew he had discovered a hitherto unknown law in nature. Thus our knowledge is ever increased. The Galvanometer, when put

on the head of a person thinking hard, answers by swinging. By looking into the unknown we progress.

If we take Theosophical thought as the key in our studies, we realize that God exists everywhere, that He who is Supreme Goodness, is also Supreme Law. Our understanding increases with our learning: "Give me understanding and I shall keep your Law, yeh, I shall keep it with my whole heart."

Reincarnation is the key to the world. The more we study Theosophy the more will the puzzles of the world become clear.

In the O. of S. you have the key to an orderly life. Choose your activity carefully. In the morning make a plan of your day's work; use your thought power beneficially; make the habit (till it comes naturally) of snatching every opportunity to help and you will find thousands of things come in your way.

Do not get discouraged if your progress is but slow. I used to have a hasty temper, it took me years to get over it. I was helped by a lesson I got. I once saw a cartman striking the horse on the nose; I spoke to him heatedly and got a bad reply. Then I puzzled out that he was irritable only as I had been! I realized that in order to be truly useful, we must not stoop down, but must place ourselves beside those we want to help.

Try to bring into your Lodges people with whom you utterly disagree, and try to grasp their line of thought. The Law of Love, the only great law, will help you to understand the others; your knowledge will help you to bring the ignorant out of their ignorance and so to grow more quickly in evolution.

(Theosophy in india, supplement sept. 1930 , page 223.)
